Sub: Submission of six monthly compliance report of Marki-Barka UG Coal Mine (ML Area 700Ha) for 1.0 MTPA coal productions by Underground coal mining in Villages Pidera, Purail, Adhiariya, Tehsil Sarai (old Deosar), Singrauli district of Madhya Pradesh of Birla Corporation Limited for the period of Oct'22 to Mar'23.

Ref: EC File No. J-11015/288/2011-IA.II(M), dated 16th July 2014 and Transfer of EC from Madhya Pradesh State Mining Corporation Ltd. to Birla Corporation on 25th Apr 2023.

Dear Sir,

With kind reference to above mentioned subject, kindly find attached herewith the six monthly compliance report for the conditions stipulated in the Environmental Clearance of Marki-Barka Coal Mine (ML area 700 Ha) of 1.0 MTPA by Underground coal mining in Villages Pidera, Purail and Adhiariya of Tehsil Sarai, District Singrauli, Madhya Pradesh of Birla Corporation Limited for the period of Oct'22 to Mar'23. This is for your kind consideration please.

The mine is currently at virgin stage and no mining activities are being done at site and various statutory approvals are being taken to start the mining operations.

The copy of above compliance report is also being sent in soft and hard format for your kind perusal. Also, the copy of same is also being uploaded on MoEF&CC PARIVESH portal and the same can be accessed through company website also.

Hope the above are in line with the statutory requirements.

Thanking you,
Yours faithfully,
For Birla Corporation Limited

Sandeep Kumar Jain,
AVP (Mine) & Authorized Signatory

20th May, 2023

Six Monthly Environmental Clearance Compliance of Marki-Barka Coal Mine of

Birla Corporation Limited (Period: October 2022 – March 2023)

Environmental Clearance of Marki-Barka Coal Mine
File No. J-11015/288/2011-IA.II(M), Transferred on 25th April 2023 &
EC issued on 16th July 2014.

Environmental Clearance of Marki-Barka Coal Mine	
EC File No. J-11015/288/2011-IA.II(M), Transfer /Issue of EC: 25 th Apr 2023/ 16 th July 2014	
EC transfer, dated 25th April 2023	
EC Transferred Conditions	Compliance status as on 20th May 2023.
(i) Any change in scope of work will attract the provisions of Environment (Protection) Act, 1986 and Environmental Impact Assessment Notification, 2006 in conjunction with the subsequent amendments / circulars.	Noted and will be complied.
(ii) All conditions stipulated in the EC vide its letter No J-11015/288/2011-IA.II(M) dated 16 th July, 2014 shall remain unchanged. Corrigendum to the EC in the condition (xxiii) was granted by the Ministry dated 1 st August, 2014.	Noted and will be complied.
(iii) The successful bidder shall be liable, if any, for any act of violation of the EPA 1986 / EIA Notification 2006 / subsequent amendments and circulars which it has inherited during the transfer.	Noted and will be complied.
(iv) Successful bidder shall be liable for the compliance of all court directions, if any.	Noted and will be complied.
EC issue, dated 16th July 2014	
A. Specific Conditions	
i. The maximum production from the mine at any given time shall not exceed the limit as prescribed in the EC.	Noted and will be complied.
ii. No mining operations shall be undertaken in the forestland until clearance has been obtained under the provisions of FC Act, 1980	Noted and will be complied.
iii. There shall be mechanized loading into the railway wagon.	Noted and will be complied as per Environment friendly technology.
iv. The project proponent is advised to work along with other stakeholders in the area for getting their siding near the mine.	Noted and will be complied.
v. As proposed by the Project proponent, a long conveyor belt of 15km from mine to the railway siding for dispatch	Noted and will be complied.

Environmental Clearance of Marki-Barka Coal Mine

EC File No. J-11015/288/2011-IA.II(M), Transfer /Issue of EC: 25th Apr 2023/ 16th July 2014

EC transfer, dated 25th April 2023

EC Transferred Conditions	Compliance status as on 20 th May 2023.
of coal will be laid down. Alternatively, the proponent will bring the railway siding closure to the mine with mechanized loading.	However, the conveyor belt & railway sidings requirement shall be assessed before construction.
vi. The existing roads at a distance of 1km from the mine would be used for coal transportation and would not lead to fragmentation of forest found in the study area. There are 4-5 coal projects within 10 km radius. Continuous Miners would be deployed and there would be no blasting.	Noted and will be complied. However, the project is of underground coal mine and drilling blasting shall be done as per approved mining plan.
vii. Road transport shall be mechanically covered trucks is permitted for 5 years only. The loading of coal shall be covered by mechanized loading.	Noted and will be complied.
viii. Since the area is pre-dominantly populated by tribal and there are extensive degraded forest patches in and around the tribal settlements and in the project area, the proponent should provide a one-time grant of 3 crores of plantation of trees which would provide livelihood to the tribal. This may be carried out through the forest Department in a time bound manner.	Noted and will be complied.
ix. Continuous monitoring of subsidence shall be carried out and mitigation measures are taken on the subsided areas by special team.	Noted and will be complied.
x. Training be imparted to local inhabitants for skilled and semi-skilled jobs.	Noted and will be complied.
xi. Development of Dairy and poultry and other lively hood measures are provided for employment / job creation for local families.	Noted and will be complied.
xii. The treated of mine water be utilized for cultivation.	Noted and will be complied.
xiii. Coal transportation in pit underground to surface by conveyor. Surface to Siding by Tippers to the pit head stockpile and stock yards at railway sidings and siding to loading by pay loader.	Noted and will be complied.
xiv. The production shall be within the same Mining Lease area.	Noted and will be complied.
xv. A separate team for subsidence monitoring and surface mitigation measures be constituted and continuous monitoring and mitigation measures be carried out.	Noted and will be complied.
xvi. Regular monitoring of subsidence movement on the surface over and around the working area and impact on natural drainage pattern, water bodies, vegetation, structure, roads, and surroundings shall be continued till movement ceases completely. In case of observation of any high rate of subsidence movement, appropriate effective corrective measures shall be taken to avoid	Noted and will be complied.

EC File No. J-11015/288/2011-IA.II(M), Transfer /Issue of EC: 25th Apr 2023/ 16th July 2014

EC transfer, dated 25th April 2023

EC Transferred Conditions	Compliance status as on 20 th May 2023.
loss of life and material. Cracks shall be effectively plugged with ballast and clay soil / suitable material.	
xvii. If subsidence is found exceeding the permitted limits, then the landowners shall be adequately compensated with mutual agreement of the landowners.	Noted and will be complied.
xviii. Mining shall be carried out as per statuette at a safe distance from river / nalla following within adjacent to the lease boundary at the time of depillaring, protective bunds and garland drains shall be provided so that no water from the surface enters the subsidence area and the shaft.	Noted and will be complied.
xix. Surface coal pillars shall be left unextracted around the air shaft (within the subsidence influence area) to protect from any damage from subsidence, if any.	Noted and will be complied as per approved mining plan.
xx. Solid barriers shall be left below the roads falling within the blocks to avoid any damage to the roads.	Noted and will be complied.
xxi. Diversion of Land shall be done with approval of the Competent Authorities.	Noted and will be complied.
xxii. Coal Extraction shall be optimised in areas where agricultural production is continuing. Some pillar shall be left below the agriculture land. No depillaring & coal extraction should be carried out below habitation, H.T. Lines & beneath road, water bodies, railway track.	Noted and will be complied.
xxiii. The mined out land should be used for agriculture purpose.	This condition has an amendment. The mined out land shall be done as per mine closure plan and applicable laws.
xxiv. Safety measure and health issues need to be addressed for workers and surrounding villages.	Noted and will be complied.
xxv. Proponent shall implement all the related safety measure with safety equipment's.	Noted and will be complied.
xxvi. The CSR cost should be Rs 5 per Tonnes of Coal produced which should be adjusted as per the annual inflation.	The CSR work shall be done as per Section 135 of Companies Act 2013 as amended as on date.
xxvii. At the time of establishing the CHP, it is proposed to establish mist spray arrangements and also enclosed the ground level bunkers up to the level of gantry.	Noted and will be complied.
xxviii. An afforestation plan to be prepared for implementation after stabilization of subsidence.	Noted and will be complied.
xxx. No additional land, manpower and equipment and water shall be used for the expansion project.	Noted. However, the expansion shall be done as per all applicable laws and business requirements of company.
xxxi. Mine closures activities include sealing of incline mouth dismantling of haulage system, clearing and	Noted and will be complied.

Transfer /Issue of EC: 25th Apr 2023/ 16th July 2014

EC transfer, dated 25th April 2023

EC Transferred Conditions	Compliance status as on 20 th May 2023.
afforestation of coal stock area, plantation on barren land and old abandoned mine.	
xxxii. 3-tier plantation should be developed over 2km stretch of road from the mine using native species.	Noted and will be complied.
xxxiii. Garland drains (size, gradient and length) around the safety areas such as mine shaft and low laying areas and sump capacity shall be designed keeping 50% safety margin over and above the peak sudden rainfall and maximum discharge in the area adjoining the mine sites. Sump capacity shall also provide adequate retention period to allow proper settling of silt material.	Noted and will be complied.
xxxiv. Water sprinkling shall be provided to check fugitive emissions from loading operations, conveyor system, haulage roads, transfer points, etc. Major approach roads shall be black topped and properly maintained.	Noted and will be complied.
xxxv. A progressive afforestation plan shall be prepared and implemented over the mine lease area acquired and shall include areas under green belt development, areas along roads, infrastructure, along ML boundary and township etc. by planting native species in consultation with local DFO / Agriculture Department.	Noted and will be complied.
xxxvi. Regular monitoring of ground water level and quality shall be carried out by establishing a network of existing wells and construction of new piezometers. The monitoring for quantity shall be done four times a year in Pre-monsoon (May), Monsoon (August), Post Monsoon (November) and Winter (January) seasons and for quality in May. Data thus collected shall be submitted to the Ministry of Environment & Forest and to the Central Pollution Control Board quarterly within one month of monitoring.	Noted and will be complied.
xxxvii. High root density tree species shall be selected and planted over areas likely to be affected by subsidence.	Noted and will be complied.
xxxix. Sewage treatment plant shall be installed in the township. ETP shall also be provided for treating workshop and CHP effluents.	Noted and will be complied.
xl. For monitoring land use pattern and for post mining land use, a time series of land use maps, based on satellite imagery (on a scale 1:5000) of the core zone and buffer zone, from the start of the project until end of mine life shall be prepared once in 3 years (for any one particular season which is consistent in the time series), and the report submitted to MoEF and its concerned Regional Office.	Noted and will be complied.

EC File No. J-11015/288/2011-IA.II(M), Transfer /Issue of EC: 25th Apr 2023/ 16th July 2014

EC transfer, dated 25th April 2023

EC Transferred Conditions	Compliance status as on 20 th May 2023.
xli. If the water quality parameters such as F, pH, heavy metals, etc exceed the prescribed limits, suitable measures by the proponent be taken to ensure that the local communities are provided alternate source of water for their livelihood.	Noted and will be complied.
xlii. Medical camps should be organized in the area for regular check-up of workers / villagers / population. Detailed prevalent disease pattern in the area should be documented and details of medical facilities provided for the same be made available to the MoEF.	Noted and will be complied.
xliii. Mine discharge water outside the ML area shall be monitored, particularly for TDS and treated to conform to prescribed levels before discharge into the natural environment.	Noted and will be complied.
xliv. The company shall put up artificial ground water recharge measures for augmentation of ground water resource, in case the water table shows a declining trend. The project authorities shall meet water requirement of nearby village (s) in case the village wells go dry due to dewatering of mine.	Noted and will be complied.
xlv. Besides carrying out regular periodic health check-up of their workers, 10% of the workers identified from workforce engaged in active mining operations shall be subjected to health check-up for occupational disease and hearing impairment, if any, through an agency such as NIOH, Ahmadabad within a period of one year and the results reported to this Ministry and to DGMS.	Noted and will be complied.
xlvi. The mining in the existing mine should be phased out after expiry of the current mining lease and after reclamation of mined over area. The operating mines may be analysed and monitored for compliance of conditions, bearing with movement of wildlife and until such time they are closed / phased out.	Noted and will be complied.
xlvii. Project specific CSR for an amount of Rs. 5/Tonne of coal production, as adjusted as per the annual inflation, should be provided for the CSR activities undertaken and the progress made thereon shall be uploaded annually on the company website. Monitoring of the impacts of activities under CSR shall be carried out periodically.	The CSR work shall be done as per Section 135 of Companies Act 2013 as amended as on date.
xlviii. A Final Mine Closure Plan along with details of Corpus Fund shall be submitted to the Ministry of Environment & Forest 5 years advance of final mine closure for approval.	Noted and will be complied.

EC transfer, dated 25th April 2023

EC Transferred Conditions	Compliance status as on 20 th May 2023.
xlix. The commitment made by the proponent to the issue raised during Public Hearing shall be implemented by the Proponent.	Noted and will be complied.
<p>I. Corporate Environment Responsibility:</p> <p>a) The Company shall have a well laid down Environment Policy approved by the Board of Directors.</p> <p>b) The Environment Policy shall prescribe for standard operating process / procedures to bring into focus any infringements /deviation /violation of the environmental or forest norms / conditions.</p> <p>c) The hierarchical system or Administrative Order of the company to deal with environmental issues and for ensuring compliance with the environmental clearances conditions shall be furnished.</p> <p>d) To have proper checks and balances, the company shall have a well laid down system of reporting of non-compliances / violations of environmental norms to the Board of Directors of the company and / or shareholders or stakeholders at large.</p>	Noted and will be complied.
B. General Conditions	
i. No change in mining technology and scope of working shall be made without prior approval of the Ministry of Environment and Forest.	Noted and will be complied.
ii. No change in the calendar plan of production for quantum of mineral coal shall be made.	Noted and will be complied.
iii. Four ambient air quality monitoring stations shall be established in the core zone as well as in the buffer zone for PM ₁₀ , PM _{2.5} , SO ₂ and NO _x monitoring. Location of the stations shall be decided based on the metrological data, topographical features and environmentally and ecologically sensitive targets in consultation with the State Pollution Control Board. Monitoring of heavy metals such as Hg, As, Ni, Cd, Cr, etc carried out at least once in six months.	Noted and will be complied.
iv. Data on ambient air quality (PM ₁₀ , PM _{2.5} , SO ₂ and NO _x) and heavy metals such as Hg, As, Ni, Cd, Cr and other monitoring data shall be regularly submitted to the Ministry including its concerned Regional Office and to the State Pollution Control Board and the Central Pollution Control Board once in six months. Random verification of samples through analysis from independent laboratories recognized under the EPA rules, 1986 shall be furnished as part of compliance report.	Noted and will be complied.

EC transfer, dated 25th April 2023

EC Transferred Conditions	Compliance status as on 20 th May 2023.
v. Adequate measures shall be taken for control of noise levels below 85 dBA in the work environment. Workers engaged in blasting and drilling operations, operation of HEMM, etc shall be provided with ear plugs / muffs.	Noted and will be complied.
vi. Industrial wastewater (workshop and wastewater from the mine) shall be properly collected, treated so as to conform to the standards prescribed under GSR 422 (E) dated 19 th May 1993 and 31 st December 1993 or as amended from time to time before discharge. Oil and grease trap shall be installed before discharge of workshop effluents.	Noted and will be complied.
vii. Vehicular emissions shall be kept under control and regularly monitored. Vehicles used for transporting the mineral shall be covered with tarpaulins and optimally loaded.	Noted and will be complied.
viii. Monitoring of environmental quality parameters shall be carried out through establishment of adequate number and type of pollution monitoring and analysis equipment in consultation with the State Pollution Control Board and data got analysed through a laboratory recognized under EPA Rules, 1986.	Noted and will be complied.
ix. Personnel working in dusty areas shall wear protective respiratory devices and they shall also be provided with adequate training and information on safety and health aspects.	Noted and will be complied.
x. Occupational health surveillance programme of the workers shall be undertaken periodically to observe any contractions due to exposure to dust and to take corrective measures, if needed and records maintained thereof. The quality of environment due to outsourcing and the health and safety issues of the outsourced manpower should be addressed by the company while outsourcing.	Noted and will be complied.
xi. A separate environmental management cell with suitable qualified personnel shall be set up under the control of a Senior Executive, who will report directly to the Head of the company.	Noted and will be complied.
xii. The funds earmarked for environmental protection measures shall be kept in separate account and shall not be diverted for other purpose. Year-wise expenditure shall be reported to this Ministry and its concerned Regional Office.	Noted and will be complied.
xiii. The project authorities shall advertise at least in two local newspapers widely circulated around the project, one of which shall be in the vernacular language of the	Noted and complied. Publication of EC details has been published on 4 th May 2023

श्रद्धालुओं की परेशानी बढ़ा दी केदारनाथ में मंगलवार शाम से बर्फबारी हो रही है। सोनप्रयाग में अभी भी बारिश जारी है, यात्रियों को सोनप्रयाग में रोक लिया गया है। फिलहाल मौसम में अभी दो-चार दिन तक बदलाव होने की सम्भावना नहीं है। परे मार्ग में यात्रियों को जमावबंद

पेज 1 के शेष

दीपक जोशी की बगावत....

दोनों नेताओं ने इस पर अनभिज्ञता जाहिर की तो दोनों को फटकार लगाते हुए निर्देश दिए गए कि जल्द से जल्द वे दीपक जोशी से बात करें। साथ ही अन्य उन वरिष्ठ नेताओं से भी चर्चा करने को कहा जो असंतुष्ट चल रहे हैं। बताया जाता है कि आलाकमान से फटकार मिलने के बाद दोनों नेताओं ने दीपक जोशी से बात की। अब भाजपा प्रदेश अध्यक्ष ने देर शाम कहा कि दीपक भाजपा परिवार के सीनियर साथी हैं। पिता कैलाश जोशी ने भाजपा को प्रदेश में खड़ा किया है। वे हमारे आदर्श हैं। कभी-कभी छोटी-मोटी बातें हो जाती हैं। मनुष्य है। कोई हंड्रेड परसेंट एक्जुरेट नहीं होता। दीपक हमारे परिवार के एक अभिन्न अंग हैं। जो भी बातें, पार्टी के भीतर संवाद है, इसलिए सब ठीक है।

6 दिग्गज और पूर्व मंत्री चल रहे नाराज

2020 से अब तक की गतिविधियों की पड़ताल करने पर पता चला कि भाजपा के मिशन-2023 को यह में पार्टी के ही अपने-अपने इलाकों के 6 दिग्गज और पूर्व मंत्री समस्या बनकर खड़े हो सकते हैं। कहावर मंत्री रहे जयंत मलैया की सीट हो या डॉ. गौरीशंकर शेजवार या दीपक जोशी, अजय विश्वा, अनूप मिश्रा या हस्तम सिंह ऐसे कई दिग्गज हैं, जिनकी परंपरागत सीटों पर केन्द्रीय मंत्री ज्योतिरादित्य सिंधिया के साथ कांग्रेस से आए विधायक काबिज हो गए हैं। भाजपा सुल ब्रताते हैं कि मौजूदा विधायक होने के कारण

सहित कई कार्यक्रमों में भाग लेंगे। तय कार्यक्रम के अनुसार, राष्ट्रीय मुर्मू दिल्ली से भारतीय वायुसेना के विशेष विमान से परिचय बंगाल के कलार्डकुंड हवाई अड्डे पर पहुंचेंगे। इसके बाद यहां से वह हेलीकॉप्टर से ओडिशा जाएंगे और मुख्यमंत्री शिवराज सिंह चौहान और मंत्र भाजपा अध्यक्ष बीडी शर्मा को पहले खातेवाले लेकिन पार्टी के आशीष शर्मा ने मना कर दिया।

गली-गली में बियर महुआ शराब, विभाग कुम्भकरणी निद्रा

सिंगरौली। जिले में अशुभ
परिस्थितियों का जाल पुरी तरह
से बिछ चुका है। शहर हो या
ग्रामीण हर जगह हर गली में
पाए-छे दुकानें अशुभ रूप से
संचालित हैं। स्थानीय थाना
हो या आवकारी
अनसु, गुप्तगुप्त तरीके से इनके
तक इन मयखानों को
जानकारी पहुंच जाती है
लेकिन ये मयखाने कमोरात
के चल पर आवद चल रहे
हैं। आवकारी विभाग के तो
अधिकारी, पूरे तरह
कुम्भकरणी निद्रा में सो रहे
हैं। इन मयखानों के चलते
आने दिन छोटी से लेकर बड़ी
घटनाएं घटित हो रही हैं।
मालूम हो कि जिले में अशुभ
शराब का कारोबार जिस तरह
से चल रहा है, उसे देखकर

जारी है। फिर भी आवकारी
विभाग अपनी निरंकुश
कार्यवाही के चलते
असह्यतेन बना रहता है।
ज्यादातर अशुभ शराब की
कार्यवाही को धरलकड़ पुलिस
विभाग व प्रशासनिक विभाग
के द्वारा कि जाती लेकिन
आवकारी विभाग हाथ पर
हाथ धरि वपारशीव को तरह
काम कर रहा है। इस विभाग
का न तो कभी जनता को
सहयोग मिलता है और न ही
जनसेवा की भावना। इस
विभाग के अधिकारियों को
सिखड़ाई गई कानून नियमों को
शक में रखकर अपने पद
और विभाग का भिक
इन्तेमाल अपनी निजी संघर्ष
को सी गुना करने में
इतना के द्वारा
आवकारी विभाग दिलचस्पी
